

DUTCH TUBS

THE EXPERIENCE

ANYWHERE, ANYTIME

Enjoy the luxury of outdoor bathing with the wood-fired Dutchtub. The Dutchtub can be used anywhere, anytime and is a great outdoor activity. The fire in the basket heats the water in the tub and allowing natural circulation to move it through the stainless coil. The tub is lightweight and easy to lift with 2 people. Perfect for events or your own private mini spa.

BEHIND THE DESIGN

The Dutchtub is an award-winning design by Floris Schoonderbeek, "I feel a strong need for direct contact with my surroundings", Floris explains. "I want to experience that pleasure again when you discover things yourself, that feeling of independence. Products you can do things with, that come to life when in use. You must heat the Dutchtub yourself with wood. After those efforts you can lay back with a satisfied feeling and enjoy the stars from a lovely warm bath.... What more could you want!"

DIFFERENT TUBS

THE DUTCHTUB ORIGINAL

The Dutchtub Original is available in 5 beautiful colours. From eye-catching bright orange to earthy blue. This sturdy tub is made from a high quality and long lasting polyester. This material is weatherproof and coloursfast so the hot tub can stay outdoors all year round.

THE DUTCHTUB WOOD

You will love the natural design of the Dutchtub Wood. The hot tub has the exact same polyester as the Original but with a preserved wood exterior. The materials are all weatherproof and colourfast.

THE DUTCHTUB LOVESEAT

The Dutchtub Loveseat is a hot tub for two people that is, just like the other Dutchtubs, wood-fired and made out of polyester. It is lighter and perfectly suited for smaller areas and intimate parties. Finish the day off by taking a refreshing dip in the Dutchtub Loveseat together and create this special moment.
